

The Friendly Chamber

**THE CHAMBER BY O'HARE
CORDIALLY INVITES YOU TO A
BREAKFAST NETWORKING EVENT &
TOUR AT SCOT FORGE**

**Thursday, August 22nd 8:00AM to 10:00AM
9394 W. Belmont Ave., Franklin Park**

In addition to networking opportunities with other business leaders, a tour will be provided at Scot Forge. Founded in 1893, Scot Forge is a 126-year-old, 100% employee-owned manufacturer of open die and rolled ring forgings. From the wheels of NASA's

Curiosity Mars Rover, to mission critical components for nuclear submarines, to hydraulic cylinders for the largest mining trucks on the planet, Scot Forge creates the precision forged metal parts used in demanding applications all over the world. Join us to see how forgings from 4 to 3,000 pounds are shaped by open die hammers, then heat treated & machined for use in these mission critical applications.
